

Administrative Regulation — Regulations Affecting Employment (Formerly GR X)

A. General

1. Merit as the Basis for Appointment

The University of Kentucky complies with the federal and state Constitutions, and all applicable federal and state laws, regarding nondiscrimination. The University provides equal opportunities for qualified persons in all aspects of University employment. All appointments shall be made strictly on the basis of merit. An applicant for a position shall not be discriminated against on the basis of race, color, national origin, ethnic origin, religion, creed, age, physical or mental disability, veteran status, uniformed service, political belief, sex, sexual orientation, gender identity, gender expression, pregnancy, marital status, genetic information, social or economic status or whether the person is a smoker or nonsmoker, as long as the person complies with University policy concerning smoking.

- a. Nepotism is generally inconsistent with the University's longstanding policy of making employment decisions based solely on unit needs and individual qualifications, skills, ability and performance. Nepotism is generally prohibited within the University community. Nepotism means actions by a member of the University community that directly influence, benefit or detriment the University employment (e.g., hiring, promotion, supervision, evaluation and determination of salary) of any other member of the University community who is a relative. Relative means a person's father, mother, brother, sister, husband, wife, son, daughter, aunt, uncle, son-in-law, daughter-in-law and step-relatives in the same relationships. Employment includes regular and temporary full- and part-time employment, student employment and work-study and graduate and other assistant programs.
- b. No member of the Board of Trustees, except those elected to the Board of Trustees as faculty or staff representatives, shall be employed by the University. No relative of a member of the Board of Trustees shall be employed by the University.
- c. No relative of the President or any person reporting directly to the President shall be employed in a position in that person's administrative area, unless approval is granted by the Board of Trustees. Approval by the Board shall only be granted upon a determination that:
 - (1) The employment is in the best interest of the University;
 - (2) The Board has been informed of the selection process and all University

regulations and policies regarding hiring and employment qualifications have been followed; and

- (3) The Board has reviewed and approved a written management plan, including an agreement concerning supervisory and other management arrangements. The management plan shall ensure that employment decisions are made impartially and that neither employee is disadvantaged. The management plan shall ensure that the possibility of nepotism and the appearance of impropriety are eliminated and shall be consistent with *Human Resources Policy and Procedures 19.0, Nepotism*.
- d. In general, no relative of any employee of the University shall be employed in any position in the University over which the related employee exercises supervisory or line authority. In some cases, however, when it is in the best interest of the University, potential conflicts can be managed through prompt disclosure of the relationship and approval by the appropriate senior administrator. Senior administrator means the person reporting directly to the President and having supervisory authority for the area where the conflict or potential conflict exists. Approval by the Senior Administrator shall only be granted upon a determination that:
- (1) The employment is in the best interest of the University;
 - (2) The Senior Administrator has been informed of the selection process and all University regulations and policies regarding hiring and employment qualifications have been followed; and
 - (3) The Senior Administrator has reviewed and approved a written management plan, including an agreement concerning supervisory and other management arrangements. The management plan shall ensure that employment decisions are made impartially and that neither employee is disadvantaged. The management plan shall ensure that the possibility of nepotism and the appearance of impropriety are eliminated.

3. Intellectual Property

As a general policy, all intellectual property conceived, first reduced to practice, written or otherwise produced by faculty members, staff employees or students of the University using University funds, facilities or other resources shall be owned and controlled by the University. Any faculty member, staff employee or student who produces such intellectual property using University funds, facilities or other resources shall assign personal rights to the property to the University, or it's designate, but shall have an interest in and a right to share in any financial returns from the commercialization of the property. Notwithstanding, it is a

specific policy of the University that the traditional products of scholarly activity, such as journal articles, textbooks, reviews, monographs, works of art, sculpture, music and course materials, shall be the unrestricted property of the author. The University shall exert no ownership claim of such works. A Standing Committee on Intellectual Property appointed by the President shall administer the policy and oversee implementation of the procedures, both as detailed in the *Administrative Regulations* on intellectual property (See AR 7:6 and AR 7:7).

4. Representation and Attendance at Meetings

In order that the University may be properly represented at the various gatherings or functions to which it is invited from time to time to participate, the President selects faculty members or staff employees to represent the institution. In addition, employees are urged to become members and to participate in meetings of international, national, regional and state and local organizations and associations related to their University employment.

Funds may be available to defray the expenses in whole or in part of those who are authorized to attend meetings by the President or other appropriate administrative officers.

5. Retirement

The University of Kentucky Retirement Plan represents a consolidation of the original Retirement Resolution (April 7, 1964) and its numerous subsequent amendments into a unified statement of University policy and guidelines on retirement of employees. The University of Kentucky Retirement Plan, which has been adopted by the Board of Trustees and may be amended only by that body, is presented in its entirety in the *Administrative Regulations* (See AR 3:1).

6. Social Security

All employees except those in Civil Service are covered by the Old-Age and Survivors Insurance of the National Social Security Program and are thus eligible for benefits in accordance with the governing legislation. Each eligible employee of the University must, if the employee has not previously done so, secure a Social Security card and supply to the Office of the Treasurer a completed Treasury Form W-4 with the employee's social security number and other information necessary for withholding appropriate contributions.

7. Group Insurance

Regular full-time faculty members and staff employees who are employed by the University are insured under the Basic Life Insurance Program. This insurance may be increased optionally in accordance with and up to the maximum amount

contained in the University's contract with the insurer. The premium for the basic insurance is paid by the University, whereas that for the optional increase in insurance is paid by the employee.

In addition, all regular full-time faculty members and staff employees are encouraged to participate in the University's basic health and other insurance programs that also may include coverage for dependents.

8. Workers' Compensation

A University employee sustaining an on-the-job injury to developing a job-related illness is covered by provisions of the Kentucky Workers' Compensation Act.

9. Employee Disability Program

Regular full-time faculty members and staff employees, other than those covered by Civil Service or the Federal Employee Retirement System, are covered by the Long Term Disability Program. Coverage commences after the completion of one (1) year of employment unless the eligible employee, at the time of hire, satisfies the exception condition as outlined in the plan document in which case there is immediate coverage. This program provides income protection through a Long Term Disability Plan. Supplemental Long Term Disability coverage may be offered at the employee's expense.

B. Employment of Faculty

1. Appointment of Faculty

a. Types of Faculty Appointments

Faculty appointments are with educational units and shall be of three basic types: (1) non-tenured appointments; (2) tenured appointments; and (3) post-retirement appointments.

(1) There are two types of non-tenured appointments.

(a) One type of non-tenured appointment is that in which a faculty member is ineligible for tenure as a consequence of having been appointed (1) in the lecturer, research, clinical, adjunct, visiting or voluntary title series or (2) on a part-time or temporary basis in a title series. An appointment on a temporary basis involves an individual who has assigned duties and responsibilities that shall be completed within one (1) year or less.

(b) A second type of non-tenured appointment is that in which a faculty member is appointed on a full-time, year-to-year basis in the regular, special, extension or librarian title series. In such an appointment, the

faculty member does not have tenure but may be considered for tenure if recommended for such by the appropriate University administrators.

- (2) A tenured appointment is one in which a faculty member is on full-time continuous appointment.

The term "joint appointment" shall apply in any case in which an individual holds two (2) or more intra-University faculty appointments. In such an instance, one of the appointments shall be designated as the primary appointment by the dean of the college if the individual's appointments are associated with educational units in the same college or by the Provost if the appointments are with educational units in different colleges. The constituent appointments relating to a joint appointment may be processed simultaneously or at different times; however, each appointment, reappointment or promotion, shall be processed independently and considered on its own merits. An individual's academic rank, though usually the same, may differ in the constituent appointments. The possibility of tenure applies only to the primary appointment. In case of termination of the non-primary appointment(s) leaving only the primary appointment for a full-time faculty member, the individual's assignment associated with the primary appointment shall become full-time. When an individual under consideration for appointment to an administrative position is also to be considered for a faculty appointment, recommendations of committees on the two respective appoints shall be developed independently on their respective merits, in accordance with the respective established appointment procedures.

- (3) Post-retirement appointments are of two (2) types.

- (a) One type is that in which retired faculty members may be appointed to perform duties for which fee schedules have been established and approved by the Provost.
- (b) A second type of post-retirement appointment may be used in a very limited number of cases, when it is essential to a University program or office or when it is otherwise impossible practicably to fill a position with a fully qualified person. Such a part-time or full-time appointment is restricted to former employees who have elected to retire, requires specific prior approval by the Board of Trustees and is made for a period not to exceed one (1) year.

More detailed information on the various types of appointments is provided in the *Administrative Regulations* (See AR 2:1 and AR 3:1).

b. Probationary Periods

Probationary periods are applicable to non-tenured appointments of faculty members on a full-time year-to-year basis in the regular, special title, extension or librarian title series. Such non-tenured appointments may be for one (1) year or for other stated periods, subject to renewal. The total non-tenure period, however, shall not exceed seven (7) years except where required by state or federal law or this *Administrative Regulation*. For other leaves of absence where the University, in granting the leave, and the individual, in accepting it, agree that time spent on the leave of absence shall not count as probationary period service. An individual initially appointed to the rank of full professor may be given non-tenure status for a period not to exceed one (1) year. An individual shall not remain at the rank of instructor in the University for more than three (3) years. If after that period, promotion to a higher rank cannot be justified, the individual's appointment with the University shall not be renewed.

Following appropriate probationary periods not exceeding in duration those described above, all persons of associate professor (or librarian II) or higher rank shall be given tenure or their appointments shall not be renewed; all persons of assistant professor rank (or librarian III) shall be promoted to associate professor (or librarian II) with tenure or their appointments shall not be renewed. Established appointment, promotion and review procedures shall be followed in making these decisions.

Probationary periods (or maximum non-tenure periods) are not applicable in cases where faculty members are appointed (1) in the lecturer, research, clinical, adjunct, visiting or voluntary series of academic ranks and titles, or (2) on a part-time or temporary basis. In all such appointments, faculty members are ineligible for tenure.

c. Delay of Probationary Periods

A probationary regular, special, extension or librarian title series faculty member who becomes the parent of a child or children by birth, adoption or guardianship, shall automatically be granted a one-year delay of the probationary period by the dean of the respective college. A faculty member who qualifies for this automatic delay of the probationary period shall submit to his or her department chair a signed and completed Faculty Tenure Delay Form (TDF) and supporting documentation, if required. A faculty member may waive the automatic delay only by completing the waiver section of the TDF. Upon receipt of the TDF, the chair shall prepare and submit to the dean and the Provost a revised Notice of Academic Appointment reflecting the change in

probationary dates, along with the completed TDF and supporting documentation.

In addition, a probationary faculty member who assumes significant responsibilities for the care of a relative or domestic partner may request consideration of a one-year delay of probationary period based on extenuating circumstances. These extenuating circumstances for a delay related to significant care responsibilities must be clearly beyond those experienced by most probationary faculty. Documentation explaining the extenuating circumstance of the care-giving situation shall accompany the request. This request shall be routed through the normal administrative channels and will be considered for approval by the Provost.

This provision is available to all probationary non-tenured faculty upon their official start date and up until the anniversary of their official start date in the year in which their tenure review is scheduled to occur.

Notifications of all delays shall be made by the faculty member to his or her department chair as soon as possible after the qualifying event or circumstances (i.e., birth, adoption, guardianship or assumption of significant care responsibilities), but in no case later than six (6) months from the time of the qualifying event or circumstances or no later than the last day of the fifth year of the probationary period; whichever comes first.

The delay shall not be granted more than two (2) times within the probationary period of a faculty member. The faculty member shall be reviewed for tenure under the same academic standards as a candidate who has not extended the probationary period and shall not be penalized or adversely affected by the delay of the probationary period. Further, extension years shall not be counted towards sabbatical. A delay of the probationary period in no way limits the right of the University to terminate a probationary appointment prior to the time of the mandatory review for promotion and tenure, should circumstances warrant such action.

d. Appointment Record

The precise terms and conditions, excepting salary, covering each appointment shall be stated in writing on an official appointment record. Notice of reappointment shall be in the possession of the appropriate administrative officers and the appointee at least three (3) months before the renewed appointment begins, when possible, or at the earliest date feasible in view of budget considerations. It shall be the responsibility of the Provost to ensure compliance with this regulation.

e. Notification of Non-Renewal of Appointment: Non-Tenured Appointments

Part-time, visiting or temporary faculty appointments have explicit one (1) year or less terminal dates that terminate at the expiration of the term without notice.

For those employed year-to-year on a fiscal or academic year basis, notification of non-renewal of appointment at the end of the first year of service shall be given not later than March 1 if the appointment expires at the end of that year or three (3) months in advance if the one-year appointment terminates during the academic year. Notification of non-renewal of appointment at the end of the second year of service shall be given no later than December 15 if the appointment expires at the end of the year or six (6) months in advance if the appointment expires during the year. Notification of non-renewal of appointment after more than two (2) years of service shall be given at least 12 months before expiration of appointment. Non-renewal decisions concerning regular, full-time faculty members shall be reported to the Board of Trustees.

Any related appeal(s) to the Provost concerning procedural matters or privilege and/or to the Faculty Senate concerning procedural matters, privilege or allegations of violation of academic freedom must be initiated in writing by the concerned faculty member within 60 days after being notified in writing by the dean about non-renewal of appointment.

f. Resignation

Notice of resignation should be given early enough to reduce serious inconvenience to the University. If faculty members desire to terminate existing appointments or to decline renewals in the absence of notices of non-renewal, they shall give written notice of no less than three (3) months if their rank is instructor or assistant professor, and no less than four (4) months if their rank is higher, before the end of their duties during the academic year (exclusive of a summer session) or 30 days after receiving notification of the terms of their appointments for the coming year, whichever date occurs later. However, they may request in writing a waiver of this requirement in cases of hardship or in situations where they would otherwise be denied substantial professional advancement. Resignations of regular, full-time faculty members shall be reported to the Board of Trustees.

(1) Administrative Personnel

Administrative personnel who hold academic rank are subject to the foregoing regulations in their capacity as faculty members. Those administrative personnel (holding academic rank) who allege that

considerations violative of academic freedom significantly contributed to decisions to terminate their appointments to administrative posts or not to reappoint them shall be entitled to the same procedures as those for non-tenured faculty who have alleged violation of academic freedom.

(2) Change of Assignment

When it is in the best interests of the institution, and if the professional status of a faculty member is not seriously jeopardized thereby, a change in the duties assigned to an individual may be made without such a change of assignment being regarded as a violation of the individual's tenure rights.

2. Conditions of Employment

a. Terms of Assignment

Academic assignments are made on academic year nine-month, 10-month, 11-month and 12-month bases.

b. Vacation Leave

All full-time faculty members on a 10-month, 11-month or 12-month assignment basis shall be entitled to 22 working days of vacation leave with pay per assignment period. With prior administrative approval, faculty members may take vacation leave at appropriate times during the period in which they are eligible to take such leave; however, each faculty member shall be in actual attendance at least until after Commencement and until all reports have been made, and at least three (3) days prior to the first day of registration for the fall semester, unless for special reason leave is approved. Vacation leave shall be taken in the assignment period in which it is earned, or the vacation leave shall be forfeited. Exceptions may be granted in accordance with *Administrative Regulations*.

Additional detailed information on faculty vacation leave is provided in the *Administrative Regulations*.

c. Professional Practices

(1) General Policies

During their annual assignment period (whether academic year, 10 months, 11 months or 12 months) faculty members are expected to serve the University full-time. It is expected that they will be interested primarily in the work of their particular educational unit, giving their chief effort to

the promotion of its needs.

A faculty member shall, under certain conditions, be permitted to engage, as an expert, in professional employment (consulting or professional practice) outside the University for pay. In general, any outside employment demanding more than purely spare-time effort must be substantially justified in terms of the contribution its performance can bring to the faculty member's pursuit of education, research, service and care. Conditions under which such employment may be undertaken are as follows:

- (a) Such employment shall not interfere with the fundamental responsibility of the faculty member to meet regularly assigned duties and inherent obligations to education, research, service and care, including being regularly available to students and colleagues, which are normally expected of a full-time faculty member and for which the faculty member receives compensation from the University.
- (b) Such employment requires prior approval in writing by the appropriate University official.
- (c) All proposals to undertake outside employment shall be made in writing to the chairs whose recommendations shall be forwarded to the respective deans and thence, unless specified otherwise in the *Administrative Regulations* (See AR 3:9), to the Provost for final action. Such proposals shall indicate the nature of the work to be performed, the estimated amount of time involved, the duration of the employment and the scale of compensation. These proposals shall become a matter of record by the Provost who shall transmit quarterly to the President full information about those that have received approval and those that have been denied. The President, in turn, shall report periodically to the Board of Trustees.

Whenever a proposal by a faculty member is disapproved by an official of the University, it is the obligation of that official to provide the faculty member, upon request, with an oral statement of the reasons for the decision.

Requests shall be specific. Approvals shall not be granted for blanket authorizations to consult or to engage in professional practice.

- (d) Such employment shall be governed by time limitations stated in the *Administrative Regulations* (See AR 3:9) and the provisions of Ethical Principles and Employee Code of Conduct.

- (e) Such employment must avoid creating a conflict of interest. Each faculty member shall be expected to exercise sound judgment in requesting approval of outside employment, keeping in mind with utmost care the matter of conflict of interest.

While it is not possible to anticipate every factual situation which might give rise to a conflict of interest, such a conflict of interest does arise within the meaning of this regulation when a faculty member represents the legal interests of another party against the University or when a faculty member engages in litigation on behalf of another party against the University. Interpretations as to conflicts of interest in particular factual situations are to be made by the President with the proviso that an adverse decision can be appealed to the Executive Committee of the Board of Trustees.

- (f) Service Plans

Documents detailing the administration Services Plans approved by the Board of Trustees appear as a part of the *Administrative Regulations*.

- d. Leaves of Absence

- (1) Sabbatical Leave

The purpose of sabbatical leave is to provide opportunities for study, research, creative effort, improvement of instructional or public service capabilities and methods and related travel in order that the quality of each recipient's service to the University may be enhanced.

Faculty members who have full-time tenured appointments in the regular, special title, extension or librarian series with the rank of assistant professor (or librarian III) or higher, are eligible for sabbatical leaves after six (6) years of continuous service in the rank of instructor (or librarian III) or higher at the University, or for sabbatical leaves under a different option after three (3) years of continuous service. All such sabbatical leaves shall be approved by the President or the President's designee.

After six (6) years of continuous eligible service, a faculty member may apply for one (1) year's sabbatical leave (academic year for appointees on academic year, 10-month or 11-month assignments) at one-half salary or six (6) months' sabbatical leave (academic semester for appointees on academic year, 10-month or 11-month assignments) at full salary. After three (3) years of continuous eligible service, an appointee may apply for six

(6) months' sabbatical leave (academic semester for appointees on academic year, 10-month or 11-month assignments) at one-half salary. Normally "continuous service" is interrupted by a sabbatical leave; that is, no service prior to a sabbatical leave may be credited toward eligibility for future sabbatical leave. However, in the event that it becomes necessary for an individual to postpone a sabbatical leave at the request of and/or for the benefit of the University or one of its educational units, the period of postponement shall be counted as part of the six (6) years of service necessary for the individual to again become eligible for sabbatical leave. The request for and/or agreement that the sabbatical leave be postponed shall be made in writing by the dean and be approved by the Provost. The request or agreement shall specify the period of postponement and the reason for it. In no case shall cumulative sabbatical leave be granted for a single period longer than one (1) full year at full salary.

Sabbatical leave shall not be used as a means of augmenting personal income. A recipient may not accept gainful employment during a sabbatical leave (for an individual on an academic year assignment basis, this does not include the period of May 16 through August 15; for an individual on a 10-month or 11-month assignment basis, this does not include the period of vacation and the one (1) or two (2) months outside the assignment period each fiscal year; for an individual on a 12-month assignment basis, this does not include the one-month vacation period) except as follows:

A fellowship, grant-in-aid or government-sponsored exchange lectureship may be accepted for the period of the leave if acceptance shall promote the purpose of the leave and is approved by the President or the President's designee.

For those on one-year sabbatical leave, additional salary not to exceed one-half of the regular academic salary may be accepted for (1) work performed during the sabbatical leave on research projects administered by the University with funds from government or private grants or contracts when the terms of the grant or contract authorize the usage of such funds, and when the work to be performed is significantly related to the studies planned for the leave; (2) work on a research grant at another university; (3) research work in a government laboratory; or (4) work as a research professor or associate in another university. Any such arrangements pursuant to this paragraph must be approved by the President or the President's designee.

In neither of the above instances shall a recipient's total income attributable to a sabbatical leave project exceed the individual's regular academic salary. Sabbatical leave shall be granted with the understanding

that the recipient, following the sabbatical leave, will continue service at the University for at least one (1) academic year.

(2) Temporary Disability Leave

Temporary Disability Leave (TDL) may be granted to faculty members by the Provost. Eligible faculty members who are totally disabled are entitled to six (6) months' TDL with pay. TDL with pay for more than six (6) months requires approval by the Board of Trustees.

(3) Leaves With Pay

Upon the recommendation of the appropriate administrative officers and approval of the Provost, a faculty member may be granted leave of absence with pay for a period not to exceed 30 days for the purpose of permitting an appointee to attend a professional meeting, serve temporarily with an outside agency, serve in the military forces of the United States or for other good cause. Such leaves of absence with pay for more than 30 days require approval of the Board of Trustees.

(4) Leaves Without Pay

Upon the recommendation of the appropriate administrative officers and approval of the Provost, a member of the faculty may be given a leave of absence without pay. Ordinarily such leave shall not be granted for a period in excess of one year (12 months). However, such leave may be extended on application and approval by the appropriate administrative officers. The best interests of the University shall be a major consideration in granting an extension of any such leave. Leaves of absence without pay are not normally credited toward eligibility for sabbatical leave. However, exception may be made when the leave enhances the value of the individual to the University, e.g., a leave to accept a fellowship or a grant, service for professional organizations, etc. In no case shall the leave of absence without pay be considered as an interruption of continuous service.

(5) Educational Leave

To pursue an advanced degree at the University of Kentucky faculty members may request half-time or more leave, with proportional reduction in salary. If such educational leave for faculty development is recommended by the dean and approved by the Provost, the faculty members shall be entitled to normal faculty benefits and privileges during the period of temporary change in status. Although a period of educational leave shall not be credited toward eligibility for sabbatical leave, it shall not be

considered as an interruption of continuous service. Also, for non-tenured faculty members, such a period of educational leave shall not be counted as probationary period service.

(6) Scholarly Fellowship Leave

To accept a scholarly fellowship which allows a faculty member to pursue a program of research, and which the funding agency will not process through the University, faculty members may request leave with partial pay. If such leave is recommended by the dean and approved by the Provost, the faculty member shall be entitled to normal faculty benefits and privileges during the period of temporary change in status. Time spent on scholarly fellowship leave shall apply toward eligibility for sabbatical leave and count as probationary period service unless the University in granting the leave and the individual accepting it agree to the contrary.

(7) Entrepreneurial Leave

The University encourages faculty employees to engage in entrepreneurial activities and strives to support the efforts of faculty who wish to commercialize their discoveries. Therefore, the pursuit of entrepreneurial endeavors is a valid reason for application for a faculty leave of absence.

The request for entrepreneurial leave, submitted by the faculty person to his or her unit administrator, shall be accompanied by a completed and signed "Entrepreneurial Leave" form and all attachments. The period of the leave shall not normally exceed one academic year. However, the leave may be extended for a second and final year by the Provost upon the recommendation of the dean. The Entrepreneurial Leave form enumerates additional terms and conditions of such leaves. The unit administrator shall review the proposal and forward the materials to the dean of the college along with their recommendation. The dean shall forward his or her recommendation to the Provost for approval. Entrepreneurial Leaves shall be reported to the Board of Trustees.

Time spent on entrepreneurial leave shall not apply toward eligibility for sabbatical leave or count as probationary period service unless the University in granting the leave and the individual accepting it agree to the contrary. Time spent on entrepreneurial leave shall not otherwise be considered as an interruption of continuous service.

3. Miscellaneous

a. Faculty Members as Candidates for Degrees

Faculty members having a rank higher than that of instructor may not be considered as candidates for degrees in the discipline in which they are employed and hold academic rank. Faculty members pursuing degrees above the master's degree at the University of Kentucky may not hold more than a half-time work assignment either during the two (2) full-time, consecutive resident semesters preceding the qualifying examination or during the two semesters of full-time dissertation study immediately following the qualifying examination.

b. Faculty Members as Scholars and Citizens

As described in GR I, faculty have academic freedom. Like other citizens, faculty members are free to engage in political activities. When necessary, leaves of absence without pay may be given for the duration of an election campaign or a term of office, provided that there has been timely application for leave and that the requested leave is limited to a reasonable period of time. The terms of a leave of absence for this purpose shall be set forth in writing. The leave shall not affect unfavorably the tenure status of a faculty member, except that the time spent on such leave from academic duties shall not count as probationary service unless agreed to otherwise.

Elective and appointive part-time services on boards and commissions to which faculty members are prepared to provide exceptional amounts of time shall be governed by policies on professional practice.

C. Employment of Staff Employees

The *Human Resources Policy and Procedures Administrative Regulations* are applicable to staff employees. The *Human Resources Policy and Procedures Administrative Regulations* are promulgated by the President pursuant to delegation of the Board of Trustees.

1. Post-Retirement Employment

- a. A post-retirement appointment may be used in a very limited number of cases, when it is essential to a University program or office or when it is otherwise impossible practicably to fill a position with a fully qualified person. Such a part-time or full-time appointment is restricted to former staff employees who have elected to retire, requires specific prior approval by the Board of Trustees and is made for a period not to exceed one (1) year.

- b. A retiree may be employed as a temporary employee to perform duties for which fee schedules have been established and approved by the Provost or the Executive Vice President for Finance and Administration.

2. Emeritus Ranks

Emeritus ranks for retired staff employees and the rights of holders of emeritus titles are established by the President after consultation with the Staff Senate.
