Administrative Regulation — Minors Involved in University-Sponsored Programs or Programs Held at the University

The University of Kentucky is committed to protecting minors who participate in University programs or who visit the University. This regulation requires the Executive Vice President for Finance and Administration (EVPFA) to establish the policies and requirements for those in the University community who work with minors or who sponsor programs involving minors.

This regulation applies to all members of the University community and any third-party entities operating any programs in which a minor is a participant.

I. Oversight and Delegation

The EVPFA is responsible for implementation and oversight of the policies and may delegate those responsibilities to other appropriate units within the University. Any unit or area assuming those responsibilities shall ensure compliance with this *Administrative Regulation* and accompanying policies. Policies issued by the EVPFA will describe the University's obligations as mandated by law and provide procedures to facilitate the safest possible experience for minors who visit the University or are involved in University programs.
